**Limited Review Report**

**TO: THE CHAIRMAN AND BOARD OF DIRECTORS  
BONYAN FOR DEVELOPMENTS AND TRADE (S.A.E)**

**Introduction**

We have performed a limited review of the accompanying periodic statement of financial position of Bonyan for Development and Trade (S.A.E) as of March 31, 2026, and the related periodic statement of income (profit or loss), comprehensive income, changes in equity, and cash flows for the three-months period ended, together with a summary of significant accounting policies and other condensed explanatory notes. Management is responsible for the preparation and fair presentation of these periodic financial statements in accordance with Egyptian Accounting Standard (EAS) No. 30 "Periodic Financial Statements". Our responsibility is to express a conclusion on these periodic financial statements based on our limited review.

**Scope of Limited Review**

We conducted our limited review in accordance with Egyptian Standard on Review Engagements 2410, "Limited Review of Interim Financial Statements Performed by the Independent Auditor of the Entity". A limited review of interim financial statements consists of making inquiries, primarily of people responsible for financial and accounting matters in the Company and applying analytical and other limited review procedures. A limited review is substantially less in scope than an audit conducted in accordance with Egyptian Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion on these financial statements.

The financial statements for the year ended December 31, 2025 were issued by another auditor, who issued an unqualified report dated February 24, 2026.

**Conclusion**

Based on our limited review, nothing has come to our attention that causes us to believe that the accompanying periodic financial statements do not present fairly, in all material respects, the financial position of Bonyan for Development and Trade (S.A.E) as of March 31, 2026, and its financial performance and cash flows for the three months period ended, in accordance with Egyptian Accounting Standard (EAS) No. 30 "periodic Financial Statements."

Cairo, May 20, 2026

**BONYAN FOR DEVELOPMENT AND TRADING COMPANY (S.A.E.)  
SUMMARIZE NOTES TO THE PERIODIC FINANCIAL STATEMENTS FOR THE THREE  
MONTHS ENDED 31 MARCH 2026**

(All amounts in the notes are shown in EGP)

---

**1. Introduction**

Bonyan for Development and Trading (S.A.E.) was incorporated in accordance with the provisions of Law 159 of 1981 and its executive regulations. It was registered in the Commercial Register under No. 25359 on 21 September 2007, and the Company is 25 years old.

The Company's head office is located in the Central Services Building, Unit F-03, East Extension, 6th of October City, Giza, Egypt.

The Company was established for the purpose of purchasing lands and properties for the purpose of investing and developing them through the establishment and construction of specialized commercial centres thereon and practising all complementary activities related to the activities and purposes of these centres, management of commercial centres, whether owned by the Company or third party, selling, leasing and granting rights of use for the commercial areas and units prepared for the practice of various activities in the commercial centres owned by the Company.

The main shareholder of Bonyan Company is Sky Realty Holding Limited, with a shareholding of 82.71%, incorporated in accordance with the laws of Dubai International Financial Centre (DIFC). The ultimate parent company is Compass Investment Holding Ltd., with a shareholding of 29.20%, incorporated in accordance with the laws of DIFC.

On July 6, 2025, Trading of the company's shares commenced on Egyptian Exchange.

These Financial statements were approved for issuance by the board of directors on May 20, 2026, taking that the General assembly of the company's shareholder has the right to ament the summarize periodic financial statements after their issuance.

**2. Accounting policies**

The principal accounting policies applied in the preparation of the summarize periodic financial statements below. They were applied consistently over the presented financial periods unless otherwise stated:

**2.1 Basis of preparation of the summarize periodic financial statements**

**A. Basis of preparation**

These condensed periodic financial statements for the three-month period ended March 31, 2026 have been prepared in accordance with Egyptian Accounting Standard (EAS) No. 30 "Interim Financial Statements."

These condensed periodic financial statements do not include all the disclosures that are usually required in the preparation of full annual financial statements. Therefore, they should be read in summarize with the company's annual financial statements as of December 31, 2025.

The accounting policies applied in preparing these condensed periodic financial statements are consistent with those used in the preparation of the annual financial statements for the year ended and the comparative financial periods, except for income tax estimates.

The comparative figures in the periodic statement of financial position are based on the company's financial statements for the year ended December 31, 2025, which were audited by another auditor. Comparative figures in the periodic statements of profit or loss, comprehensive income, changes in equity, cash flows, and the related summarize condensed notes are for the three-months ended March 31, 2025.

**MONTHS ENDED 31 MARCH 2026**

(All amounts in the notes are shown in EGP)

---

**B. Significant Changes During the Period**

**Investment Property**

The increase in investment property value is due to the rise in the fair value of all investment properties during the three-month period ended March 31, 2026, amounting to EGP 800 million. It is also noted that certain units in the "Walk of Cairo" project were transferred to inventory available for sale with a value of approximately EGP 117 million during Q1 2026.

**Advance Payments for Investment Property**

The increase in advance payments for investment property during the period is due to the payment of EGP 44 million for Building E in the "Park Street Edition" project.

**Trade Receivables – Installments Due**

The increase in trade receivables – installments due by EGP 107 million during the period is attributed to the company entering into sales contracts for units in the "Walk of Cairo" project during the three-month period ended March 31, 2026, resulting in higher receivables from sales transactions.

**Other Receivables and Prepayments**

This change is mainly due to the increase in accrued rental income, primarily linked to the addition of new tenants during the three-month period ended March 31, 2026, as well as adjustments to lease rates for existing contracts.

**Financial Assets at Fair Value Through Profit or Loss**

The increase in financial assets measured at fair value through profit or loss as of March 31, 2026, is due to the higher value of units invested in the "Osoul" fund managed by Commercial International Bank. The number of units reached 251,777 at a price of EGP 1,027 per unit, totaling EGP 258 592 603 compared to a price of EGP 980.94 per unit totaling EGP 246 978 130 as of December 31, 2025.

**Loans – Current and Non-Current Portion**

The decrease in loans is due to repayment of loan principals during the period ended March 31, 2026, amounting to EGP 57 million.

**Deposits Related to Maintenance Expenses and Refundable Guarantees**

The balance of deposits related to maintenance expenses amounted to EGP 117 902 309, and refundable guarantees from third parties amounted to EGP 90 996 339. The maintenance deposits represent payments made by customers for sold units in the "Walk of Cairo" project, which are deposited in banks, and the annual returns generated are used to finance project maintenance expenses.

**Cash and Cash Equivalents**

Cash and cash equivalents consist of balances in EGP amounting to EGP 68 000 795 balances in foreign currencies amounting to EGP 13 509 216, and foreign currency deposits amounting to EGP24 373 558. The increase is due to changes in exchange rates and higher collections from sold units.

**Revenue**

The increase in total revenue is due to higher sales revenue from units in the "Walk of Cairo" project amounting to EGP 155 million, and higher rental and maintenance income amounting to EGP 27 million compared to the period ended March 31, 2025, driven by annual increases in customer contracts. Additionally, the "Golden Gate" project commenced operations, with a contract signed with Nestlé and revenue recognition starting in March 2026.

**SUMMARIZE NOTES TO THE PERIODIC FINANCIAL STATEMENTS FOR THE THREE MONTHS ENDED 31 MARCH 2026**

(All amounts in the notes are shown in EGP)

---

**C. Fair Value Measurement of Assets and Liabilities**

To provide an indication of the reliability of inputs used in determining fair value, the company classified its assets and liabilities measured at fair value into three levels as defined in Egyptian Standard 45 "Fair Value Measurement":

1. Level 1 – Measurements based on quoted (unadjusted) prices in active markets for identical assets or liabilities.
2. Level 2 – Valuation techniques with all significant inputs observable for the asset or liability, either directly (as prices) or indirectly (derived from prices).
3. Level 3 – Valuations based on unobservable inputs (inputs not based on observable market data).

The company assesses the need for transfers between levels in the fair value hierarchy, considering changes in economic conditions and whether observable information is lacking for relevant factors affecting the value of certain instruments. The company's policy is to recognize transfers into and out of levels of the fair value hierarchy from the date of the event or change in circumstances that caused the transfer.

As of March 31, 2026, the company holds financial investments at fair value through profit or loss represented by the "Osoul" fund managed by Commercial International Bank, amounting to EGP 258 592 603 (December 31, 2025: EGP 246 978 130), measured at fair value using quoted prices (Level 1). The change in fair value recognized in profit for the period ended March 31, 2026 amounted to EGP 11 614 473 (March 31, 2025: EGP 847 022).

The company does not hold any other financial assets or liabilities measured at fair value as of March 31, 2026 and December 31, 2025, except for the "Osoul" fund.

**Significant assumptions in the valuation of investment properties:**

The investment properties of the Company are measured at fair value, which is estimated using valuation techniques.

The investment properties of the Company are valued as of 31 March 2026 and 31 December 2025 by an independent, professionally qualified appraiser who holds recognised professional qualifications and has recent experience in the locations and sectors in which the investment properties were evaluated. This appraiser is accredited by the Financial Regulatory Authority in Egypt.

For all investment properties, their current use is considered the highest and best use. The Company's finance department reviews the valuations performed by the independent appraiser for the purpose of preparing the financial statements. The finance team provides its reports directly to the CFO, who holds discussions on the valuations and results between the valuation team and the independent appraiser at least once quarterly, in accordance with the Company's quarterly reporting dates.

At each financial reporting period, the finance department undertakes the following:

- Verifies all main inputs to the independent valuation report.
- Compares the change in the fair value of the investment properties with the valuation report for the prior period.
- Holds discussions with the independent appraiser.

Changes in the third level of fair value are analysed at each reporting date through quarterly valuation discussions between the CFO and the valuation team. As part of these discussions, the team submits a report explaining the reasons for the fair value changes.

**SUMMARIZE NOTES TO THE PERIODIC FINANCIAL STATEMENTS FOR THE THREE**  
**MONTHS ENDED 31 MARCH 2026**

(All amounts in the notes are shown in EGP)

---

The fair value hierarchy of investment properties is Level 3 as of 31 March 2026 (31 December 2025: Level 3).

The investment properties are represented by four projects – the Walk of Cairo Mall (WOC), six administrative buildings located in East Cairo, and an administrative unit in Park Street project, and Redcon A05 administrative building within the Golden Gate project in New Cairo.

The aforementioned investment properties were valued using a market approach based on the comparable sales method, which utilises recent comparable transactions as the basis for valuation, taking into account similar investment properties in nearby areas. These values are adjusted according to differences in main attributes such as location, area, design quality, title deeds strength, road networks, and accessibility. The most significant inputs for this valuation approach is the price per square meter of comparable market transactions.

**5. Prepayments under purchase of investment properties**

This amount represents prepayments made to the developer in accordance with the preliminary sale contract for building (E) within "Park Street Edition" project located in the entertainment district north of al shweifat - New Cairo, on an area of 7,710 square meters.

The development of a commercial project was carried out according to the designs agreed upon by both parties, and the delivery date of the commercial project was set for the year 2027 according to the contract. The total amount of the contract is EGP 1,258,560,000.

**6. Trade receivables**

**(6/A) Due from receivables on sales**

The financing of the sold units relates to the units sold to customers in Walk of Cairo Mall, Phase 3, and part of Phase 2.

**The terms and conditions are as follows:**

**Payment period:** from three years to five years.

**Interest rates:** from 17% to 30.25%.

**Collateral:** The properties are mortgaged as security for the loan.

Before granting loans to customers, the management conducts creditworthiness assessments to determine eligibility. The Company's customers mainly comprise parties with low credit risk, such as banks and multinational corporations.

**BO NYAN FOR DEVELOPMENT AND TRADING COMPANY (S.A.E.)**  
**SUMMARIZE NOTES TO THE PERIODIC FINANCIAL STATEMENTS FOR THE THREE**  
**MONTHS ENDED 31 MARCH 2026**

(All amounts in the notes are shown in EGP)

**\*Bank Misr Loans-Second loan**

During 2022, based on the long-term finance contract between Banque Misr and Bonyan for Development and Trading, Banque Misr granted Bonyan for Development and Trading a long-term credit limit of EGP 982 million on 23 January 2022, to finance part of the cost of purchasing six administrative buildings. Under this contract, the financing was disbursed in instalments as follows:

The loan is to be paid on quarterly instalments starting in March 2022, provided that the last instalment shall be paid in September 2028 upon maturity of the loan.

\* On 19 March 2025, Banque Misr and Bonyan for Development and Trading agreed to amend and increase the long-term loan agreed upon in 2022 by EGP 185 million, so the total of the second loan becomes EGP 1.167 billion. This increase was secured by the (A05) administrative building located within the project on plots (86-87-88-89) in Sector 4, City Center, New Cairo. Accordingly, the loan now consists of two tranches:

First tranche: EGP 982 million

Second tranche: EGP 185 million

However, during 2025, the Company only withdrew an amount of EGP 91 million divided into four instalments, and this tranche is paid in 58 equal monthly instalments, starting at the end of the grace period in May 2025 until February 2030.

**\*\*Bank Misr Loan -Third loan**

The Company has signed a financing agreement with Banque Misr amounting to EGP 700 million. The Company withdrew EGP 216 million during the period. The interest rate is 1.2% above the corridor rate. This financing is intended to fund the Company's operations and pay instalments on its existing investment properties. Also, during the period, the Company paid EGP 60 million and paid interest of EGP 44 million.

The drawn balance should be covered at a coverage ratio of 125% of the loans due from customers of "Walk of Cairo (WoC)" mall, as these loans were pledged as collateral for this financing. The financing will be paid according to the maturity dates of the loans due from customer over five years, starting from January 2025 to October 2029.

**Guarantees**

The loan guarantees consist of mortgaging some of the Company's buildings (investments properties) to the banks. The fair value of these buildings is EGP 16 174 252 317 as at ( 31 December 2025 EGP 15 481 500 062)

**The amounts recognised in the statement of profit or loss relating to loans are as follows:**

**12. Related party transactions**

**(12/A) Nature and amount of significant transactions with related parties during the year are as follows.**

The Company entered into several transactions with companies and entities that fall under the definition of related parties, as stated in EAS No. (15) "Disclosure of related parties". Parties are generally considered to be related parties if they are under joint control, or if one party has the ability to control the other or can exercise significant influence or joint control over the other party in making financial and operational decisions. When considering each potential relationship with a related party, attention is paid to the substance of the relationship, not just its legal form. Related parties include the Group's Board of Directors, its subsidiaries, companies under common control, its partners, and senior management personnel. The tables below show the nature and value of transactions with related parties during the year, and the balances due at the date of the financial statements.

|                                                                                                  | <u>Nature of transaction</u> | <u>For the period</u> |                      |

**16. Basic and diluted loss per share**

Basic earnings per share for the Period is calculated by dividing net profit for the year by the weighted average number of shares outstanding during the year.

|                                            | <b><u>For the period</u></b> |                             |
|--------------------------------------------|------------------------------|-----------------------------|
|                                            | <b><u>31 March 2026</u></b>  | <b><u>31 March 2025</u></b> |
| Net profit for the period                  | 593 347 278                  | 417 049 448                 |
| Weighted average number of ordinary shares | 1 704 403 226                | 1 704 403 226               |
| Total                                      | <b><u>0.35</u></b>           | <b><u>0.25</u></b>          |

Diluted earnings per share are calculated by adjusting the weighted average number of ordinary shares to reflect the effect of all potential ordinary shares that could dilute earnings. The company does not have any potential dilutive shares as of March 31, 2026 and March 31, 2025; therefore, diluted earnings per share are equal to basic earnings per share.

**18. Segmental Reporting**

Segmental reporting is prepared in a manner consistent with the internal reports submitted to the chief operating decision maker. The chief operating decision maker is the Company's Board of Directors, who are responsible for operations, assessing the financial performance and position of the Company, and making strategic decisions. Management has identified the operating segments based on the information regularly reviewed by the Board of Directors for the purpose of evaluating financial performance and position and making strategic decisions.

The Board of Directors reviews the operating results of the segments in relation to the nature of the segment's operations. Since the Company's activities are organized in a single segment (operations) entirely related to the sale and leasing of investment properties, the entity-wide information required under Egyptian Accounting Standard No. 41 "Operating Segments" is already included in the financial statements; therefore, no additional disclosures are required.

The Board of Directors evaluates the performance of operating segments based on total revenues, net operating profit, total non-current and current assets, total liabilities, and equity of the segment. Discontinued operations, interest income, and interest expense are excluded from the measurement basis.

The Company is domiciled in Egypt, with all revenues generated from customers in Egypt. Total revenues for the first quarter of 2026 amounted to EGP 370,406,911 (March 31, 2025: EGP 179,858,343). Total non-current assets in Egypt amounted to EGP 16 735 795 095 as of March 31, 2026 (December 31, 2025: EGP 15 946 816 923).

**20. Significant events**

- Due to the outbreak of wars in the Middle East, particularly concerning the war against Iran, foreign currency exchange rates have increased against the Egyptian pound, as well as the prices of certain fuels and natural gas. This is expected to raise product and transportation costs, which may lead to increased operating losses for some companies in the short term. The entity is currently assessing how to address these impacts and their potential effect on the company's operations.
- On February 12, 2026, the Monetary Policy Committee of the Central Bank of Egypt decided to reduce the key interest rates by 100 basis points. Accordingly, the overnight deposit and lending rates and the Central Bank's main operation rate were lowered to 19.0%, 20.0%, and 19.5%, respectively; while the credit and discount rate was reduced to 19.5%. The Board of Directors of the Central Bank also decided to lower the cash reserve ratio that banks are required to hold with the Central Bank of Egypt from 18% to 16%. These decisions reflect the Committee's assessment of the latest inflation developments and outlook since its previous meeting.
- On April 2, 2026, the Monetary Policy Committee of the Central Bank of Egypt decided to maintain the overnight deposit and lending rates and the Central Bank's main operation rate at 19.0%, 20.0%, and 19.5%, respectively; while the credit and discount rate was kept at 19.5%. The Board of Directors of the Central Bank also decided to maintain the cash reserve ratio that banks are required to hold with the Central Bank of Egypt at 16%. These decisions reflect the Committee's assessment of the latest inflation developments and outlook since its previous meeting.
